Unit 5 — The Great Depression & New Deal (1929–1941) · Student Edition

WHAT MAKES THIS WORKBOOK DIFFERENT

- ◆ **Built on UDL 3.0 (CAST).** Every activity offers multiple means of engagement, representation, and action — word banks, sentence frames, visuals, and choice built in, so the rigor stays the same for every learner.
- ◆ **MTSS tiers on every page.** Core instruction with layered Guided and Light Support, plus a formative Exit Ticket for each standard and a “What’s Next” reteach path in the Teacher Edition.
- ◆ **Writes like a historian — CER.** A 6-point Claim–Evidence–Reasoning rubric runs through the whole course, with scaffolded organizers and lined response space.
- ◆ **Real primary sources, cited.** Photographs, political cartoons, and maps from the Library of Congress and National Archives — analyzed with the HIPPO routine — every source documented to Chicago style.
- ◆ **Cornell notes paired to the slide deck.** Structured note pages capture the direct-teaching slides, with retrieval checks and doodle zones for visual learners.
- ◆ **Standards-aligned & TCAP-ready.** DOK-balanced checks and a companion Assessment Book with two parallel forms, keyed to the standards and reporting categories.
