

Which Organizer, When?

Unit 10 · Contemporary America (1964–2016) · US.83–US.95

Match the task to the tool — then
teach the *why*.

Students don't need more worksheets — they need the **right thinking tool** for the task in front of them. Find the *verb* in the assignment, then reach for the organizer built for that kind of thinking.

45-minute class? Plan **one** deep organizer (~20 min) or **two** quick ones (~10 min each), plus warm-up & discussion. Every page prints its own time estimate.

WHEN THE TASK ASKS STUDENTS TO...	REACH FOR	≈ TIME	BECAUSE IT WORKS
Compare two things	● Venn diagram · T-chart	10–15 MIN	The overlap makes shared traits visible and sharpens the differences. <i>Marzano's #1 strategy.</i>
Compare three or more on set criteria	● Comparison matrix	15–20 MIN	Holds many cases against the same yardstick so patterns pop.
Trace causes & effects	● Cause & Effect	15–20 MIN	Makes the chain of "why it happened" visible. <i>Builds SSP.05.</i>
Put events in order / show change over time	● Timeline	15–20 MIN	Sequence exposes cause across time. <i>Builds SSP.05 chronology.</i>
Brainstorm & connect ideas	● Concept web	10–15 MIN	Surfaces prior knowledge and shows how ideas link to one hub.
Summarize — find the main point	● Main Idea & Details	10–15 MIN	Separates the big idea from the details that support it.
Activate prior knowledge & track learning	● K-W-L chart	10–15 MIN	Sets a purpose and makes thinking metacognitive. <i>UDL self-regulation.</i>
Learn a key term	● Frayer model	10–15 MIN	Builds deep word knowledge — not a definition students forget by Friday.
Analyze a source	● HIPPO (or OPTIC)	15–20 MIN	Gives students a historian's routine for interrogating a document.
Make an evidence-based claim	● C-E-R	20–25 MIN	Turns an opinion into a defensible argument: claim, evidence, reasoning.
Weigh two sides or options	● T-chart · Problem-Solution	15–20 MIN	Forces a decision that rests on evidence from both sides.
Get the basics of an event	● 5 Ws	5–10 MIN	Fast, complete factual capture — who, what, when, where, why.
Connect the nation to Tennessee	★ Tennessee Connection	10–15 MIN	Local ties make national history stick — and it's what sets History Hack apart. Our signature move.

What did the Great Society promise — and where did it fall short?

a promise to end poverty & expand healthcare · Medicare endured, but urban renewal displaced communities and costs rose faster than projected

The Generation Gap

Name _____ Class _____ Date _____

T-Chart • Two Sides

★ Tennessee Connection

DOK 2–3 • Compare

WHEN • WHY A two-column chart sets the generations side by side, so students see the “gap” as two worldviews shaped by two very different histories — not just old vs. young. *Identifying similarities & differences is Marzano's #1 strategy.*

Each side of the 1960s “generation gap” had its own view of activism and authority. On each card, write what that side believed — the faint notes are starters. Then answer the band below.

THE ESTABLISHMENT the older generation

Shaped by hard times

grew up through the Depression & World War II — valued sacrifice & duty

Trust in authority

respected institutions, tradition & the government they had built and defended

Critics of protest

saw many protesters as unpatriotic radicals hurting the country & the troops

THE COUNTERCULTURE the younger generation

Raised in prosperity

grew up in postwar comfort — freer to question the world their parents made

Question authority

challenged traditional values, the Vietnam War & “the establishment”

Hippies & Woodstock

rejected materialism; embraced peace, music & community (Woodstock, 1969)

Why did the two generations clash so sharply in the 1960s?

Different life experiences (Depression & war vs. postwar plenty) led to opposite views of patriotism, authority, and how much America needed to change

★ **Tennessee Connection.** Tennessee felt these currents its own way: **Nashville's** music scene absorbed countercultural influences, **Vanderbilt University** became a center of student activism, and the **Highlander** center kept training social-justice organizers.

Compare the four events across the same two questions. The faint notes are starters — write over them, then notice how prosperity and scandal ran side by side.

EVENT → COMPARE ↓	NAFTA 1994 · free trade	Welfare Reform 1996 · work rules	Balanced Budget first since 1969	Impeachment 1998–99
What it was	ended trade barriers among the U.S., Canada & Mexico	work requirements & time limits replaced older welfare (TANF)	growth & tax increases erased the federal deficit	the Lewinsky affair → charges of perjury & obstruction
Outcome	trade rose — but many manufacturing jobs moved to Mexico	welfare rolls fell sharply; poverty reduction was limited	budget surpluses — a strong late-1990s economy	the House impeached; the Senate acquitted — a party-line split

★ **Tennessee Connection** — Vice President **Al Gore of Carthage, Tennessee**, shaped the administration's technology policy and the "information superhighway." He later won the **Nobel Peace Prize** for his environmental advocacy.

September 11th and America's Response

⌚ 15-20 min

Name _____ Class _____ Date _____

Cause & Effect

★ Tennessee Connection

DOK 2-3 • Causation

WHEN • WHY Reading it as **attack** → **response** → **consequences** shows how one day reshaped security at home and led to two long wars abroad. *Analyzing cause & effect is TN Social Studies Practice SSP.05.*

Who attacked and why sits on the left; America's responses flow out on the right. Arrows show the chain: the attack → the response → two long wars.

CAUSES • THE ATTACK

al-Qaeda, led by Osama bin Laden, plans the attacks

19 hijackers strike the World Trade Center & the Pentagon — nearly 3,000 killed

the Taliban government in Afghanistan shelters al-Qaeda

THE EVENT

SEPTEMBER 11, 2001

The deadliest attack on U.S. soil reshapes American security & foreign policy — describe how the nation responded

EFFECTS • THE RESPONSE

Homeland Security & the PATRIOT Act — new surveillance & airport security

a "War on Terror" is declared

the Afghanistan War removes the Taliban — and becomes the longest war in U.S. history

the Iraq War — launched on WMD claims that proved false — brings instability

★ **Tennessee Connection.** Tennessee's **Fort Campbell 101st Airborne Division** was among the first conventional forces sent to Afghanistan in Operation Enduring Freedom, and the state tightened security at key sites including the **Oak Ridge** nuclear complex.

Breaking Barriers in American Leadership

Name _____ Class _____ Date _____

WHEN • WHY A matrix holds three trailblazers against the same two questions, so students see both the barrier each broke and the impact each had. *Comparing on structured criteria is Marzano's highest-yield strategy; SSP.03.*

Compare the three leaders across the same two questions. The faint notes are starters — write over them, then notice the “firsts” each achieved and the doors they opened.

LEADER → COMPARE ↓	Sandra Day O'Connor Supreme Court	Colin Powell military & diplomacy	Hillary Clinton politics
Barrier broken	<i>first woman on the U.S. Supreme Court (1981, appointed by Reagan)</i> 	<i>first Black Chairman of the Joint Chiefs; first Black Secretary of State</i> 	<i>First Lady → U.S. Senator → Secretary of State → first woman nominated for president by a major party</i>
Role & impact	<i>a moderate voice who often cast the deciding swing vote</i> 	<i>led Gulf War planning; kept broad respect across party lines</i> 	<i>advocated for healthcare, women's & children's issues at the highest levels</i>

★ **Tennessee Connection** — Tennessee's leadership grew more diverse too: **Harold Ford Jr.** represented Memphis as one of the nation's youngest African American congressmen, and **Marsha Blackburn** became Tennessee's **first female U.S. Senator** in 2019.

From Landlines to Live Streams

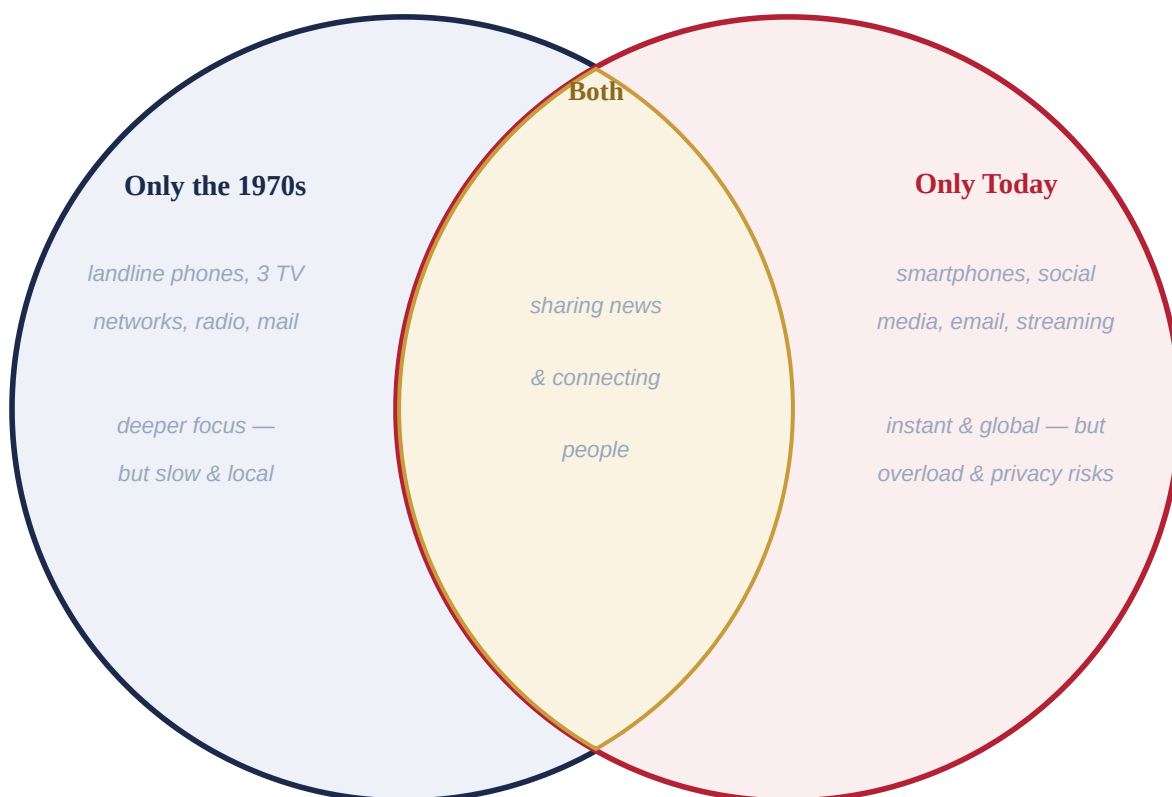

Name _____ Class _____ Date _____

WHEN • WHY A Venn makes the **overlap** visible — both eras connect people and share news — while sorting what changed and weighing each era's strengths and limits. *Identifying similarities & differences is Marzano's highest-yield strategy; SSP.03.*

Compare how Americans communicated in the 1970s with how we communicate today. Write what was unique to each on its side, and what they share in the middle — the faint notes are starters. Note each era's strengths *and* limits.

THE 1970s — slower • local • deliberate

TODAY — instant • global • digital

★ **Tennessee Connection.** Tennessee helped lead the next leap: in 2010 the **Chattanooga** Electric Power Board launched the first citywide **1-gigabit-per-second internet** in the U.S. — making “Gig City” a national model, while Nashville grew into a major tech hub.

The Obama Years: Achievements & Setbacks

Name _____ Class _____ Date _____

WHEN • WHY A two-column chart weighs accomplishments against setbacks, so students judge the presidency on the full record — not one headline. *Weighing evidence on both sides builds SSP.04 (evaluate).*

On each card, write the details of that achievement or setback — the faint notes are starters. Then answer the band below: what did the Obama years reveal about the power and the limits of the presidency?

ACHIEVEMENTS

what the administration accomplished

Affordable Care Act

"Obamacare" extended health insurance to millions of uninsured Americans

Economic Recovery

the Recovery Act helped end the Great Recession; unemployment fell 10% → 4.7%

Foreign Policy Wins

the Paris Climate accord, the Iran nuclear deal, a Cuba opening, bin Laden killed

Social Progress

advanced marriage equality; created DACA for young immigrants

SETBACKS

what limited or challenged it

Congressional Gridlock

after 2010, GOP opposition brought shutdowns, debt-ceiling fights & a blocked Court seat

Foreign Challenges

Syria's civil war, the rise of ISIS, Russian moves in Ukraine, Benghazi

Deepening Division

persistent racial tensions and a sharply polarized political climate

What did these years show about the power and the limits of the presidency?

A president can drive big change (healthcare, recovery) — but a divided Congress and a polarized nation can stall even a determined agenda

★ **Tennessee Connection.** Tennessee sat at the center of these debates: Senators **Lamar Alexander** and **Bob Corker** played significant roles in Senate battles over healthcare, trade, and foreign policy during the Obama years.
