SPINE

Saddle-stitch. At 13 pages the folded spine is only ≈ 0.029 in (0.7 mm) — too thin to print spine text; bind saddle-stitch (no printed spine). To get a printable spine, perfect-bind at $\geq \sim 48$ pages, or combine thin teacher books into one volume. The spine panel above is provided for when this title is perfect-bound.

GOVERNMENT HACK™

Everything you need to teach the unit — with the supports already built in.

Unit 4 — The Executive Branch · Teacher Edition

WHAT'S IN THE TEACHER EDITION

- ◆ **One standard, one period.** A pacing map with honest per-activity time estimates and a menu — you choose what fills the 45 minutes; the rest become bell-ringers, stations, or homework.
- ◆ **The MTSS decision cycle.** Progress-monitor → identify barrier → select support → reteach → recheck → extend, with scaffold-fading guidance that never displaces IEP/504 accommodations.
- ◆ **Crosswalks that pass review.** Standards & SSP crosswalk and a dimension-coverage crosswalk (C·E·G·H·P·T), plus a district review evidence snapshot.
- ◆ **The 6-point CER rubric.** The same evidence-based-writing rubric used across the course, ready to score.
- ◆ **Answer keys — teacher-side only.** Practice-quiz keys with rationales and exit-ticket keys with “What’s Next” reteach routing, kept separate from student copies.
- ◆ **Deck + Cornell workflow.** How the Lean Student and Full Teacher decks pair with the workbook’s Cornell notes and primary-source analysis.
